Lewisville retaining wall repair

Dear Sir/Madam

What: Road closure to repair retaining wall
Where: Lewisville Cottages, Eastcombe – see overleaf for details of the exact location
When: Road closure 18th January to 27th February – 24hr

We are writing to make you aware of the planned road closure to repair a retaining wall.

To ensure the safety of road users and our workforce, it will be necessary for us to **close the road to through traffic** because of the size of machinery that will be used. Access to adjacent properties will be maintained. Overleaf is a map showing the extents of the road closure and diversion route.

We appreciate road closures are inconvenient, but in order to keep you and the team working on the site safe it is necessary. We have planned the works so we can be in and out as quickly as possible.

Diversion

We have created an official diversion route which will be signposted and is suitable for all vehicles that would normally use the closed road. We appreciate you may know an alternative route, however please be aware alternative routes which are outside of the road closure area are used at driver's discretion.

When the work starts, you will be able to speak directly with the construction team, who will keep you updated with progress on the works in order to minimise any disruption to you.

We would like to take this opportunity to thank you in advance for your co-operation.

Yours faithfully

Anthony Mander
Supervisor, Email: Highways@gloucestershire.gov.uk
